VT3210LED

32" (31.5" VIEWABLE) HDTV/PC

WITH LED BACKLIGHT TECHNOLOGY

A brilliant solution for HD entertainment.

The VT3210LED HDTV is the perfect multifunctional HDTV/PC display for any room in the home or business. Its high definition resolution panel is perfect for viewing HDTV video entertainment or working as your desktop PC display. The 32" LCD panel features the latest LED backlight technology saving energy while producing stunning color. Versatile connectivity, including dual HDMI ports, VGA, HDTV /QAM tuner, and USB input for viewing JPEG photo images make this HDTV compatible will a wide range of CE and computer products. Enjoy the precision audio with Dolby compatible audio or connect to your favorite digital audio system with the SPDIF output. The VT3210LED fits in anywhere - easily mountable on the wall or in a custom wall unit or integration with the 200mm x 200mm wall mounting feature.

IDEAL FOR ANY ROOM

> **Mercury-Free LED backlight/Energy Saving**
Uses less energy but produces more vivid colors – blacker blacks and brighter whites.

> **Advanced image processing delivers clearer, crisper, sharper images**
Advanced ClearPicture™ image processing eliminates noise, increases contrast and detail and optimizes color for rich, vibrant images. High-definition images look amazing and even standard television images are unbelievably smooth and sharp.

> **Vivid graphics, clear text, stunning TV**
Ultra-high brightness of 400-nit (typ), dynamic contrast ratio of 3000:1 and 16:9, 1360X768 optimum PC resolution provide vibrant video and crisp data images in the living room or on the desktop.

> **OptiSync® technology now features HDMI**
Add versatility to your LCD TV with support for HDMI with high-definition content protection (HDCP) and analog (VGA) signals, plus component, S-video, composite, and TV/cable input.

> **Multimedia ready**
Enjoy rich stereo sound with 2x10watt speakers – Dolby compatible or connect to any audio system via the SPDIF output.
